

# MODULE 8 SCENARIOS

---

## **Aim of activity**

Teachers can use the following scenarios to generate class discussion to help students understand the emotions and situations of people affected by breast cancer.

As a suggestion, teachers can choose 4–5 students to be members of a panel who provide advice to the people in the scenarios.

- What should they do?
- Who should they turn to for help?
- What should they say?

## **Suggested teaching strategies**

- Class discussion
