*A Partner's Journey with Secondary Breast Cancer*

---

In this film Peter reflects on his journey of walking beside his wife Fran, who had secondary breast cancer for 8 years and died in January 2010. Throughout this time Fran was a member of the Advanced Breast Cancer Group, and Peter was a member of the Partners' Group. He talks about their journey together from diagnosis to the final days, in the hope that this will be of help to other partners and carers of women with secondary breast cancer.
